HAPPY THANKSGIVING EVERYBODY

November 2005

Who Wins Pyramid Lake?

Well ladies and gentleman your official tournament winner for November is Mr. Kent Michles. Kent was able to tame the Pyramid and pull in a total of 4 fish weighing in at 5.61 pounds. He also stole big fish at 2.53 pounds.

Photo of Tournament Champion Kent Michles holding big fish at 2.53 pounds. More Photo's on Page 3

Pyramid Lake

November 19th 2005

I remember getting up at the butt crack of dark and making the drive up the mighty grapevine to infamous Pyramid Lake. It was a wee bit chilly first thing in the morning as people waited in line to enter the lake. You could actually see your breath. There were a total of 28 wild and crazy anglers who fished the tournament. A lucky 10 guys caught a grand total of 20 gigantic *monster* keepers. Overall lake conditions were excellent. It warmed up mid day to about 65 degrees and the water temp was a cool 64 degrees. One thing that was not a factor was the wind. Overall, even though the fishing was not spectacular I believe that a great time was had by all. Remember a bad day of fishing still beats a great day of work. Big fish of the tournament was caught by your champ Mr. Kent "Preferred Plastics" Michles weighing in at 2.53 pounds, the smallest fish of the day was caught by Mr. Larry "The Stick" Moore tipping the scales at .80 pounds. That, my friend's is the smallest keeper fish I have ever seen. Come to the December meeting to find out how all of these guys were able to catch fish.

Happy Thanksgiving

As you may have noticed there are a few lake changes for the upcoming 2006 season. The board has decided to change around a few lakes and dates on the schedule to best accommodate everyone in the club. So please mark you calendars accordingly. Items highlighted in red have been changed.

NOTE:

If you are not at the meeting to attend the tournament draw you must contact the weigh master/tournament director Mr. Kevin Michles to be placed on the next available boat.

- Mojo Weights**
- Preferred Plastics**
- Other Donations**
- And**
- Much**
- Much**
- More**

Come one come all to this one time event and be where the fun is. Save your cash and let's get ready to win some fabulous prizes.

DECEMBER 2005 LAKE PERRIS

Adventure No.126 Lake Perris SRA State Recreation Area

Lake Perris SRA is still open!

We wanted to let the public know that only 20% of the surface area of Lake Perris has been affected by the recent draw down. 80% of the lake is still in use. Swimming, fishing, camping and watercraft use are still in effect and you are more than welcome to come visit the park.

Reservations can still be made for boating and camping but are not necessary at this time! Visitors will be treated to an uncrowded park, and beautiful weather.

Winter season: DEC 1st - FEB 28th

The white sand of Perris Beach stretches off in both directions and the expanse of blue water glitters in the sunlight, lonely and calm it makes a great place to just sit and relax at this time of year. The mountains on the other side of the lake are heavy with winter fog this early morning, and there is barely a breeze to disturb the trees. To the east end, Allesandro Island looms like some great beast rising out of the still water.

The hundred bird silence is only briefly disturbed by the soft hum of a passing vehicle. Squirrels, pudgy for the winter, are rolling in the dust and dancing between the bushes, and small birds skipping along the grass between the golden leaves of autumn and fallen pine cones. The silhouette of a lone fisherman on the bow of his boat and the wake left by a low flying egret's wing tips barely brushing the water, these are the things that we come to find. This is Lake Perris. A quiet calm in the middle of the hectic city, a little piece of nature to escape to when all you want to hear is the sound of the wind.

Continued on right column

Formed by Perris Dam, Lake Perris offers a variety of water recreation including swimming, fishing (shore, pier and boating), water craft use, sailing, waterskiing and even scuba diving. Fishermen can find Rainbow Trout, Catfish and Large Mouth Bass here, and there are also opportunities for hikers, bikers, joggers, and equestrians. There is even a climbing rock in an area south of the dam. The Ya'He'ki' Regional Indian Museum is in the area and is available for school groups and special tours.

Almost everybody will find something at Lake Perris for them. From the quiet calm of a winter morning, to the warm swimming waters of the summer, from the heights of hiking Terry Peak to the view from walking across Perris Dam. A place to read, a place to study, a place to escape the stress of the world, a place to picnic, a place to camp and bond with your family. You do not need to be caught up in the busy summer and holiday weekends because there is something here at Lake Perris for you all year around.

Location-Directions

The recreation area is located 11 miles south of Riverside via Highway 60 or I 215.

17801 Lake Perris Drive
Perris, California 92571
Latitude/Longitude: 33.8375 /-117.1400
Elevation: 1588 feet

Park Hours:

6:00 am - 10:00 pm
Watercraft off of the water by sunset.
